PHARMACEUTICAL & NUTRACEUTICAL SOLUTIONS

*Precision, Protection, and Convenience
in Every Pack*

Stick & Sachet Packaging Solutions

Our advanced packaging technology ensures precise dosing and consistent quality in every sachet and stickpack, meeting the highest industry standards

Our innovative packaging solutions provide non-leaking and perfectly sealed packs, safeguarding the integrity and extending the shelf life of your pharmaceutical and nutraceutical products.

Designed for ease of use, our flexible sachet and stickpack offer single-dose packaging that is portable, easy to open and perfect for on-the-go consumption.

Machine Versatility

Our packaging solutions are designed to handle a wide range of product forms, including powders, granules, liquids, and semi-liquids. This versatility ensures that our sachets and stickpacks can be customized to meet the specific needs of various pharmaceutical and nutraceutical products.

Compliance

Mentpack ensures all packaging solutions meet GMP and FDA standards, including 21 CFR Part 11 compliance. This guarantees that all products meet industry regulations and safety requirements.

Precision & Efficiency

Mentpack's packaging technology ensures accurate dosing and high-speed production, optimizing performance and reducing downtime to meet the demands of the pharmaceutical and nutraceutical industries.
